

Gilpin County Parks & Recreation

Rec Connect

#24-09

Community Member Spotlight Haidyn Thompson

“My name is Haidyn. I am 9 years old. I go to school at Gilpin. I have two siblings, a brother and a sister. My favorite color is black and my favorite animal is a black bear. I also love school- math is my favorite subject. My favorite season in Colorado is fall because all the colors and trees. It’s just so pretty here.

I love to do so many things. When I am at the rec I love to be in camp because I get to swim and play

in the gym. I also play basketball at the rec center. It is something I look forward to every season. When I am not at the rec I love to go to the park and play. I am also a huge fan of board games.

Parks & Rec is important to me because it gives me a place to go have fun while my dad is at work. It also keeps me off electronics and keeps me active. The Rec Center also gives me a place to hangout with my friends. I will look back when I am older and have really good memories here. For other parents like my dad the Rec Center provides child care all year. For people that are a little older it gives them a safe place to socialize, eat and stay healthy. Without the rec I would be very sad and not have a lot to do. I love this place!”
