Body Movement | Wed 5:30p-6:45p

Staff Spotlight

Dania Zinner

Guest Services Representative

"Hi! I'm Dania and I just moved to Black Hawk last year. I help cover front desk shifts at the Community Center.

Parks and Recreation is a great department that encompasses many different programs such as community sports/events and the Community Center. The Community Center is an amazing gathering place with many programs, classes, and fun activities that bring the community together! And it provides essential services including vaccines, swim lessons, and youth camps.

For recreation I like to swim (look for my Masters swimming workout on a board in the pool area!) and fun fact: I used to practice and coach synchronized swimming. I am constantly finding new things to learn and currently I am learning how to instruct aerial yoga as my new activity! In the summer, I enjoy hiking and camping and in the winter, I like to ski and snowshoe. I am excited to meet new people and work with everyone!"

Dania joined our team in December and picks up shifts in a pinch at the front desk for us regularly! She is a friendly face and can help you with all of your Parks & Rec questions and registrations! Come by the Community Center and say "Hi!"

Come try our NEW and NEWLY UPOLSTERED Equipment

NEW POTTERY CLASSES

POTTERY W/REBECCA
MONDAYS 6/13-7/25
5:15-7:45P

Learn how to make handles, lids, and feet to make your pottery creations more interesting. Beginners are welcome! Instruction will include wheel-throwing and hand-building techniques

THURSDAY NIGHT CLAY W/GABBY
6/23-8/11
5:00-7:45P

We will be doing 4 complete projects over the 8 weeks. Tackling both hand-building and throwing techniques and all of us pushing our limits! You will learn you can do more than you ever thought possible!
Some clay experience is necessary

SATURDAY MORNING CLAY TILE & WALL PIECES W/STEVE
6/25-8/13 9:30A-12:00P

This tile making class will emphasize making individual, unique tiles. Along the way, we will be learning forming techniques, including the use of a slab roller, trouble shooting (and trouble preventing), and grouting/fastening techniques. Some clay experience will be helpful, but not mandatory.
