Item: New Fitness Equipment Update

Request or Issue: We have received our new/used circuit equipment!

Background Information:

The magnum fitness equipment was original to the facility and is 20 years old. Commercial Fitness Solutions knew about our status and had an opportunity from the Town of Breckinridge to get their Cybex Eagle equipment which is about 12 years newer than the Magnum. The Town of Breckinridge replaces their equipment every 8-10 years from a preventative maintenance fund they contribute to every year. The Cybex research institute leads the fitness industry in providing scientific basis for the development of exercise machines. With over 90 patents, Cybex equipment is innovative in design, durable in structure and engineered to be biomechanically correct. The equipment is refurbished and will be getting reupholstered in June. We got a quote for new equipment in Oct 2021 for approximately \$100k. This equipment, install, disposal of old, movers, refurbish and reupholster will be approximately \$25k.

Recommended Action / Next Step: NA, this is informational only at this time.

Financial Impact(s): This was budgeted for in 2022. Now would like to replace pink hall flooring, quoted at approximately \$75k.
