Staff Spotlight Krystal Meyer

Special Events Coordinator & CSU Extension Office Assistant

"The Community Center is a place to keep the community active, engaged and together. It gives people more opportunities to find a common interest. Living rurally typically means there aren't many activities for the community as a whole and Parks and Rec provides that.

Living in our small rural community there aren't many job opportunities and the Community Center provides more diverse employment. The skills you acquire while employed with Parks and Rec are easily transferable.

For recreation I love to ride and work with horses. I also enjoy working with my family building our cattle business."

Krystal has been a huge asset to the P&R team! She was born and raised in Gilpin and has built many great community relationships over the years. Her knowledge, energy and passion for community involvement and fun has brought many new events in the last year like the Spooky Stroll, Veteran's Day Luncheon, Dive-In Movies, Mom & Son Nerf War and of course a 3 day Fair again!

When not planning and putting on events, she also assists with CSU Extension and Gilpin Archwood 4H. She has a very kind heart and likes to have a good time. Thank you for everything that you do for Gilpin, Krystal!
