Staff Spotlight

Tara Nyikos

Recreation Generalist

"I've always been a huge fan of anything outdoors. I grew up in South Bend, Indiana riding horses, camping, fishing, boating, snow skiing, and ice skating (to name a few). I played nearly every sport imaginable as a kid, basketball, volleyball, swim and dive team, tennis and softball. If it involved being active, especially outdoors, I was in. Now that I live in Black Hawk, I love exploring the off-roading trails all over Colorado. I find peace, healing, and joy when I am out amongst the trees, wildlife, and mountains. In my spare time I also strive to share the healing power of the outdoors with others by organizing outdoor outings with veterans.

Serving in the United States Air Force instilled in me the core value of 'service before self.' Working at the Community Center is a wonderful way for me to serve others, which leads my heart to a greater sense of fulfillment and purpose. I enjoy working with Parks & Rec as it provides me the opportunity to serve and be engaged within my community, as well as promote the positive effects of physical fitness on health and well-being. The programming Parks and Recreation offers is important as it contributes to the overall well-being of our residents."

Tara joined our team as a Lifeguard in July of this year and we are thrilled that she is now a full time Recreation Generalist. Her diverse experience, work ethic, reliability, flexibility with her schedule and willingness to do whatever task is asked of her makes her a perfect fit for this role. She divides her time between guarding the pool, taking care of the kids as a Leader in Youth Camp, working at the front desk and any other job or project that needs done. She has an obvious passion for service and a commitment to community and is an excellent representative of Parks & Recreation. Thank you for being here for your co-workers and the community, Tara!

body movement

wednesdays 5:30 - 6:45 pm

$7/ages 18-59
$5/ages 60+
Punch cards available

alternative movements to
build flexibility and strength

Gilpin County Community Center
