LOR

Staff Spotlight Tommie DiMauro Lifeguard

" I am a senior in high school at Gilpin County. I love volleyball and have played since I was in elementary. Being outdoors brings me happiness and I love to spend time with my family and friends. At the Community Center, I love

to swim, workout, play volleyball and help with special events.

I grew up and spent my time at the Community Center from open to close everyday of my childhood. It is important for me to see the effect it has had on other people as well as myself. I love to help with community improvements and work with all of my wonderful co-workers and teammates.

I believe that Parks & Recreation is important because it brings family, friends and the Community together. It inspires people to spend time with family, get out of the house and help themselves mentally and physically."

Tommie is a hard worker and she is kind and patient with our patrons. She's always willing to step in and help out, even on short notice. We are lucky to have Tommie as part of our Parks & Rec team!
