Staff Spotlight Tyler Gilmour Lifeguard

"My name is Tyler. I am a lifeguard at the Gilpin County Rec Center and I enjoy it a lot so far. I wanted to be a lifeguard because I enjoy learning first aid and want to improve my skills and

knowledge.

This job is important to me because it keeps the people and community members safe. I believe that this job is important to the community because it helps keep everyone safe and out of harm's way.

I like to fish, ride ATVs, drive trucks, go for walks and be in nature and the outdoors. In my off time I like to learn how to do and make new things."

One of the important things that Parks & Recreation is able to provide is employment opportunities for the youth in our community. Tyler and two other teens just joined our team as lifeguards and will help keep the pool open and safe for our customers while gaining work experience and learning skills they can use in the future. It's going to be a great summer at the Gilpin County Community Center! We're happy to have you on board, Tyler!
