### Staff Spotlight **Regan Phillips** Youth Camp Leader

"Hi! I'm Regan and I grew up in El Centro, California. I studied English and Linguistics at UC Santa Barbara and lived in Los Angeles for 7 years after. I've lived in Colorado at the top of Coal Creek Canyon for almost two years now and I can't think of a better place to call home! I'm passionate about camping, being

outside, cooking and live mostly a plant-based lifestyle. I love traveling and have explored more than 20 countries. I just married the love of my life last year and we're expecting our first baby in August 2023. I can't wait for the new unknowns and adventures of parenthood!

Sports and outdoor activities are my heart and soul when I'm not away - swimming, hiking, volleyball, the weight room, paddle boarding, snowboarding (still learning!), and yoga are my favorites.

The importance of Parks and Rec has never been so clear to me since I've moved here to the mountains. I'm convinced it bonds communities and gives a space for people to be surprised and seen - especially here at the Gilpin Rec Center. I'm so grateful for how warm and welcoming everyone is here in this special place that's designed for fun and discovery at any age."

We were fortunate to have Regan join our Parks & Rec Team as a Youth Camp Program Leader at the beginning of this summer. Her positive, fun loving approach to her work make her a perfect fit! Thanks for making Summer Day Camp a blast for the youth of our community, Regan!

Parks & Recreation
